

LONG LEADING REED BY OVER 9,000 VOTES

OUT FEW RETURNS IN FROM STRONGHOLDS OF REED IN BIG CITIES

R. Brewster, Regular Republican Candidate, for Senator, Believed Elected—Sutherland Wins in West Virginia—Miss Robertson is Leading Opponent in Oklahoma

(By The Associated Press)

BULLETIN

ST. LOUIS, Mo., Aug. 2.—R. R. Brewster of Kansas, endorsed by the regular Republican organization, apparently has won the Republican nomination for United States senator on the face of returns from 1104 out of 8 precincts in the state.

The Democratic nomination remains in doubt, with McKinridge Long, third assistant secretary of state in the son cabinet, leading Senator James A. Reed by 7,350 votes in returns from 1,636 precincts.

ST. LOUIS, Mo., Aug. 1.—With the Reed strongholds, St. Louis and Kansas City, embracing more than one-fourth all the precincts in the state virtually unheard from, McKinridge Long is leading Senator James A. Reed by 14 votes in the race for the Democratic nomination for United States senator. Only 65 of the 1,007 precincts in two big cities have reported. The returns from 979 of 3,848 precincts in the entire state give Long 64,067 and Reed 54,963.

R. Brewster of Kansas City, a regular Republican, is leading a field of six on returns from 610 precincts by 12,700 votes for the Republican senatorial nomination. His closest opponent, John G. McKinley, a Progressive, with 11 votes of 18,432 for Brewster is second.

TRANSPORTATION PROBLEM SOLVED BY AUTOMOBILES

Chicago's Thousands
Carried to and From
Work Tuesday

(By The Associated Press)

CHICAGO, Aug. 1.—With 25,000 cars and elevated road cars on strike, paralyzing all public transportation for the time in the city's history all Chicago motored or walked across the appearance of a courier on a holiday.

While men and women, old and young, crowded the pavements of street corners, everything baby's go-cart and grandpa's chair to the latest thing in automobiles crowded the streets. The crowds with amazement and little inconvenience it was the automobiles triumph, according to traffic policemen who expressed a feeling wonder as the day wore on the ease with which the car fleets had met and apparatus solved the tremendous problem of moving thousands of persons to and from work.

With the street cars out of the way and a system of one way traffic installed through the "loop" police reported less than the usual congestion, department crowds showed no diminution and workers reached their places of employment on time in great majority of instances. As to the great numbers of persons pressed into service, according to the police, there were no accidents during the day. Of them serious, and resulting in the injury of nearly a dozen persons and the death of a man by a passing car while waiting to board a "jitney" was estimated that more than 100 motor vehicles were in service and that with the aid of the steam roads and "taxis" they carried the 90,000 persons usually transported by the elevated roads and the 10,000 daily patrons of the street lines.

STUBBS APPEARS TO BE THE WINNER

TOPEKA, Kans., Aug. 1.—Returns from eighty precincts out of 2,536 in Kansas, 33 complete, give W. R. Stubbs a lead over W. Y. Morgan for the Republican nomination for governor of 130. These two leading the other five candidates by 900. Stubbs was leading in Topeka by more than 400 votes while Morgan was running far ahead in a number of his home precincts reported from Hutchinson.

The tabulation at 10:30 o'clock gave Stubbs 2,495.

In the first district, Congressman Dan Anthony has a comfortable lead over Fred Vollard.

In the third district Phil Campbell

MANUFACTURERS MAKE REPLY TO ACTING GOVERNOR

Claim Inaction Will
Bring Untold Suffering
This Winter

(By The Associated Press)

CHICAGO, Aug. 1.—Replying to the message of Fred E. Sterling, acting governor of Illinois in which he refused to call a special session of the legislature to consider the coal strike situation, the Illinois Manufacturers' association today sent the following telegram to Mr. Sterling at Rockford:

"The Illinois Manufacturers' association deeply regrets that you as acting governor disregarded the urgent need of a special session of the general assembly for the following reasons:

"1.—Because the mining laws in Illinois have placed in the hands of a few men, the leaders of the organization a monopolistic control of the digging of coal.

"2.—Because the coal mines have been shut down since April the surplus stock has been exhausted and a continuation of the present conditions will close the factories, interrupt transportation limit the food supply and it continued until snow flies cause untold misery and suffering during the winter months in Illinois and the northwest.

"3.—Because the outrageous statute will bring about an employment situation never before known in Illinois.

"4.—Because famine coal prices will cause an increase in rents and add to the cost of living in every particular.

"5.—Because the operation of this law closes to the public mines which have an annual capacity of 90,000,000 tons.

"6.—Because ninety percent of coal mining can be performed by common, unskilled labor such as is available, but not allowed to work in the mines on account of this just-handled statute.

"You state that the repeal of the law would not solve the crisis but it is certainly now legislated in the ground so tightly that only action on the part of the state authorities can get it out.

Reason Why Bill was Defeated
The reason why the constabulary bill was not passed by the last general assembly was because it contained a provision in which in cases similar to that which occurred at Herrin the police could not act unless the local authorities appeal to the governor. If the mayor or sheriff refused to act the police would have been impotent. If your argument is correct as to the constabulary why is it not equally true as to the Illinois National Guard which was not placed in Williamson county at the critical moment when every one familiar with the facts knows that martial law was necessary. The national guard has always proven itself efficient when properly commanded and duly directed by the governor and there is no question but it will maintain its reputation when given the opportunity to act. The state authorities in the Herrin situation failed to make the national guard available and if the police bill as drafted at the last session had been a law they would have failed to make it available.

"We do not want to wait five months until the next general assembly convenes in regular session before we get coal. Give the people a chance by convening the law makers and we believe the two third requirement will be met. Any way you will have done your duty by 6,485,280 people who constitute the population of the third state in the union."

bell, Republican incumbent received 349 to 288 for W. H. Sproul, in seven precincts.

Congressional candidates in Kansas next November will include the following, who had no opposition in today's primary: Republican—Fourth district Congressman Homer Hoch, Marion, seventh district, Congressman J. N. Tineher, Medicine Lodge; eighth district, Congressman Richard E. Bird, Wichita. Democrat, First district, Frank Gragg, Valley Falls, eighth district, W. A. Avers, Wichita.

Socialist—Third district, George W. Snyder, Columbus; fourth district, Thomas H. McGill, Wilsey; Sixth district, B. B. Brechauer, St. Francis.

Glenn E. Plumb is Dead at Washington

(By The Associated Press)

WASHINGTON, Aug. 1.—Glenn E. Plumb, counsel for the sixteen larger railroad organizations and author of the celebrated "Plumb plan," of railroad operation and ownership, died tonight. Death was due to an affection of the heart from which he had suffered for several months.

M. Plumb, a native of Iowa, came into national prominence in 1918 when he advanced the plan for railroad operation that bears his name as a solution for the problem of post war treatment of the transportation lines then under government control and operation. In brief his plan was nationalization of the carriers with control vested in directorates in which the public, the executive staffs of the lines and the rail employees should have equal representation.

The plan was endorsed by the railway unions and the Plumb plan league organized to urge its adoption. Mr. Plumb was active in the affairs of the league until ill health forced his retirement last May. He also continued his work as attorney for sixteen labor organizations until that time his last active appearance being before the interstate commerce commission to urge them pending general rate advance case in the interest of railroad labor.

SHOP CONDITIONS ON WESTERN ROADS ARE IMPROVED HEADS SAY

Substantial Increases in the Number of Employees Now at Work

(By The Associated Press)
CHICAGO, Aug. 1.—Western railroads with headquarters in Chicago today announced "continued improvement in the conditions brought about by the strike of shopmen," in a statement made public tonight by the Western President's committee on public relations of the associations of railway executives.

Substantial increases in the number of employees at work were recorded on western roads the statement said, and added that heavy freight traffic was being handled without serious delays and passenger traffic was being operated normally. The Chicago, Milwaukee & St. Paul said 4,300 shopmen were at work on its lines, freight is being handled currently and general business conditions were reported as steadily improving.

The Chicago, Burlington and Quincy reported 400 additional shopmen hired today bringing its force to about 50 percent of normal. The railroad said its freight traffic was from 12 to 15 percent higher than last year and was being handled without serious delay. The Santa Fe reported an increase of 230 men in its shops since Saturday and said its shop force is now 60 percent of normal.

TO MINE COAL UNDER STATE PROTECTION

(By The Associated Press)
INDIANAPOLIS, Ind., Aug. 1.—Production of coal from Indiana mines under state authority and with the protection of the Indiana national guard will be underway within a few days or possibly a few hours, as a result of orders issued by Governor McCray today. Following the refusal of the Indiana miners to issue permits to sufficient men to operate the mines for emergency purposes and with the expiration of a five day period granted miners and operators in which to conclude a strike settlement, the governor put into operation machinery to mine coal under state supervision. At the same time, Governor McCray issued a call to the governors of six coal producing states to meet in Indianapolis Thursday morning to discuss plans for co-operation in the production of emergency coal supplies and a possible method of settling the strike.

The order was signed without notice to Mr. Hopper upon the presentation of an affidavit by the plaintiff. According to this document the lump sum of \$6,500 is alimony of \$250 a week agreed since Mrs. Hopper alleged an agreement had been reached between herself and her husband.

DEWOLF HOPPER IN COURT AGAIN

(By The Associated Press)
NEW YORK, Aug. 1.—DeWolf Hopper, actor and musical comedy star, within the next five days will have to pay \$6,500 to his fifth wife, Mrs. Elda Surry Hopper, who has filed suit for absolute divorce in the Brooklyn supreme court. This order which was signed by Supreme Court Justice McKate in Brooklyn today also directs the actor to pay his wife \$5,000 for counsel fees and alimony of \$250 per week.

The order was signed without notice to Mr. Hopper upon the presentation of an affidavit by the plaintiff. According to this document the lump sum of \$6,500 is alimony of \$250 a week agreed since Mrs. Hopper alleged an agreement had been reached between herself and her husband.

GETS INVITATION FROM JOHN LEWIS

(By The Associated Press)
ALBANY, Iowa, Aug. 1.—Joe Morris, president of Iowa district, United Mine Workers of America, Morgan Lewis, vice president and D. H. Watson, national board member, received invitations today from John L. Lewis, president of the miners' union to attend the wage scale conference called next Monday in Cleveland and announced their intention of attending the meeting. President Morris said he viewed the conference as a sign that the strike was near its end.

ACCEPTANCE OF HARDING'S PLAN SEEMS ASSURED

Shopmen Policy Committee Will Decide
Definitely Today

(By The Associated Press)

CHICAGO, Aug. 1.—Full acceptance of President Harding's peace plan by the striking shopmen was declared by union leaders to have practically assured as a result of today's meeting of the shop craft's policy committee. Final action was expected at another meeting to be held tomorrow.

Following the meeting, none of the union leaders would comment on the situation left as it was in mid-air but with a very definite trend toward acceptance. The discussions of the afternoon reviewed practically the whole strike situation.

The rejection of the seniority proposals by the railroad executives in New York and their qualified acceptance of the president's other two points were received without comment by the strikers. The opinion was expressed however, that today's communication by the executives did not constitute their final word on the matter. The answer of the executives was not even brought up for consideration in the meeting.

"The door is not shut behind them," one union chief said. "They need time to work this thing out; they are just jockeying for a good position but they're going to die hard."

Discussion of the points of the presidential peace program followed the reading of his communication to B. M. Jewell, president of the Federated Shop Crafts, who came direct from a conference with his executive council. Chairman Ben W. Hooper of the labor board and A. O. Wharton, one of the board's labor members.

Mr. Wharton, who formerly held Mr. Jewell's present position was understood to have attended the conference and later the meeting of the policy committee at the suggestion of the president.

Chairman Hooper agreed to attend the policy meeting later if he could render any service. Some opposition to Program
Some opposition to President Harding's peace program was raised by members of the policy committee, because of its lack of a wage provision. These members were understood to have complained that the recent wage reduction order by the railroad labor board reduced wages lower than those prevailing more than two years ago. Union leaders answered that a re-hearing by the labor board to be gained under the peace program would doubtless result in wage advances.

Union leaders who have conducted the peace negotiations from the beginning of the strike presented their views of the present program.

Mr. Jewell declined to comment on what the final action of the committee would be. He said the committee's answer when it comes, would be transmitted to the white house and would probably be given out there.

IRREGULARS ARE NOW IN RETREAT

Dublin, Aug. 1.—The regulars retreated along the road to Caher and Clonmel before the attack of the nationals, which is reported to be general all along the front. The bridge spanning the Suir at Caher is reported heavily mined.

There are signs that the irregulars are preparing to evacuate Kilmallock. One of their strongest advance positions at Ashill towers has been set on fire while other buildings in the town are said to be burning.

BANDITS GET PAYROLL; POLICE GET THEM

Cincinnati, O., Aug. 1.—Three youthful bandits late today held up a messenger of a Cincinnati Chain Drug company who was on his way from the general offices of the concern, with a \$5,000 payroll of 12 downtown stores. Two of the robbers were captured single handed by a policeman after he had run their automobile down in a machine commandeered from a passing autoist.

GOVERNOR TAYLOR GOES TO COAL FIELDS

Nashville, Tenn., Aug. 1.—Governor Alf A. Taylor left tonight for Knoxville for a conference with Colonel James A. Gleason, his personal representative, who was sent to investigate conditions in the Mingo Hollow Coal fields in Claybourne county. The conference in Knoxville Tuesday is expected to decide whether troops shall be sent to the strike zone.

RAILWAY EXECUTIVES REJECT SETTLEMENT PLAN OF PRESIDENT

Message Containing Reasons Are Sent to the
White House Last Night—Two Proposals
Are Accepted—Restoration of Seniority
Rights is the Main Point at Issue

(By The Associated Press)

NEW YORK, Aug. 1.—The refusal of the American Association of Railway Executives to accept President Harding's plan for settlement of the rail shop crafts strike was contained in the following message telegraphed to the white house tonight.

"Resolved, 1, that we accept the first recommendation of the president reading as follows:

"First, railway managers and workmen are to agree to recognize the validity of all decisions of the railroad labor board and then faithfully carry out such decisions as contemplated by the law, with the understanding that this is not intended to preclude any party to a controversy from proceeding by legal action to question the validity of any order of the board on the ground that jurisdiction and authority to make the order was not conferred by the statutes creating the board and defining its authority.

"(2) That we accept the second proposal of the president reading as follows:

"Second, the carriers will withdraw all lawsuits growing out of the strike and railroad labor board decisions which have been involved in the strike may be taken in the exercise of recognized rights by either party, to the railroad labor board for rehearing, with the understanding that the strike is called off and the representatives of the strikers pledge themselves and the strikers against violence in any form against the men now at work and the property of the carriers since otherwise it would be impossible to consider the dismissal of injunctions and other legal measures necessary to protect such persons and property from the violence and intimidation of the character resorted to in many localities since the strike was called.

"(3) That it is impossible to agree to the first sentence of the third proposal of the president, the whole of which reads as follows:

"Third, All employees on strike to be returned to work and to their former positions with seniority and other rights unimpaired. The representatives of the carriers and the representatives of the organizations especially agree that there will be no discrimination by either party against the employees who did or did not strike.

"The railroad executives and managers agree entirely with the president's statement in his letter that it is 'wholly unthinkable that the labor board can be made a useful agency of the government in maintaining industrial peace in the railway service unless employers and workers are both prompt and unquestioning in their acceptance of its decision.'

"By this language the president has expressed with great force and clearness the policy we advocate. But the decisions of the railroad labor board were flouted and defied by the six organizations comprising the federated shop crafts; the strike was called to take effect July 1, and even the summons of the board to appear with the railroad executives before the labor board, after the strike had been called and before it took effect, was contemptuously ignored by the leaders of the strikers who refused to attend the hearing. Thereupon it became the plain duty of the railroads actively and vigorously to undertake to uphold the orderly processes for the adjustment of industrial disputes contemplated by the statute creating the labor board and represented by the decisions of the board against which the strike in question was directed and at the same time continue to discharge their duty to the public as common carriers.

"Many men in the service refused to join the strike and in so doing were assured of the seniority rights accruing to them and of the permanence of their positions. On some important lines fifty percent or more refused to join the strike. To these old loyal employees have been added thousands of new men who were employed and could be secured only upon a definite promise that their services would be retained regardless of the settlement of the strike, with all the rights appertaining to such employment including that of seniority under the working rules and regulations previously approved by the railroad labor board. We expect to men who remained in the service and to the new men who accepted service of the rights of seniority incident to their employment would have just the opposite effect to that desired by the president and would most seriously discredit the labor board. The board itself prescribed the rules of seniority under which the men referred to have secured their seniority rights and the railroad companies have neither the legal nor moral power to deprive these men of those rights. By public utterance since the strike began the board has recognized and emphasized these rights, and to deny them would, instead of upholding the authority of the labor board, overthrow in rules and discredit its authority.

PLANS FOR FUEL DISTRIBUTION BY GOVERNMENT MADE

Will be Submitted for
Secretary Hoover's
Approval Today

(By The Associated Press)

WASHINGTON, Aug. 1.—A plan of procedure under which the government's emergency fuel control machine will be operated was completed today at a meeting of the central coal committee with fuel distributor Henry B. Spencer, president. It was understood that the federal distribution would thereupon become actually effective.

At the same time, it was said, the personnel of the regional committees to be placed in the producing mine fields as agents of the central body will be placed before Mr. Hoover for approval together with a draft of the detailed instructions which will govern the activities of those organizations in combating profiteering and insuring a ready distribution of fuel.

Mr. Spencer, announced the appointments of state fuel agencies which have reported to the central committee, among them the following:

Illinois.—Robert Medill, director department of mines, Springfield, Illinois.

Indiana.—Indiana Public service commission, Indianapolis.

Iowa.—Charles Webster, fuel administrator, Des Moines.

Kansas.—Court of Industrial Relations, Topeka.

Kentucky.—J. Sherman Cooper, Chairman Kentucky railway commission, Frankfort.

HAIL STORM DOES DAMAGE IN IOWA

CEDAR RAPIDS, Iowa, Aug. 1.—Sweeping from Ryan, Delaware county, across northwestern Lynn county into Jones county, what old residents termed the worst hail storm ever known laid waste to a tract two miles wide tonight. Accompanied by a high wind, hail stones as large as hen's eggs fell to a depth of six inches. All crops in the area were pounded into the ground and many farmers probably will lose everything planted. Practically all window panes in the storm area were broken out. The damage will run into thousands of dollars, it is estimated.

would have just the opposite effect to that desired by the president and would most seriously discredit the labor board. The board itself prescribed the rules of seniority under which the men referred to have secured their seniority rights and the railroad companies have neither the legal nor moral power to deprive these men of those rights. By public utterance since the strike began the board has recognized and emphasized these rights, and to deny them would, instead of upholding the authority of the labor board, overthrow in rules and discredit its authority.

A THOUGHT

Is there anything here it may be said: See, this is new? It hath been already of old time, which was before us—Ecclesiastes 1:10.

THERE is not one grain in the universe, either too much or too little; nothing is to be added nothing to be spared, not so much

as any one particle of it, that mankind may not be either the better or the worse of it, according as it is applied.—L'Estrange.

Incomplete returns from Missouri indicate that Senator Reed again has the Democratic nomination for senator after a most bitter fight against Breckinridge Long. If final returns bear out this statement the anti-Wilson faction in Missouri and likewise the anti-Prohibitionists will both claim the glory.

A tree commission is being advocated for Decatur. No doubt the purpose is to provide some agency whereby trees as they decay or are otherwise destroyed are replaced. It has been often said that some such agency is among the urgent needs of Jacksonville. This statement should be repeated over and over again until the action needed is taken.

The German mark is now worth a one-hundredth part of its pre-war value and is still declining. This means that an article worth a cent in American money before the war now costs a dollar. Predictions of the bankruptcy of the government continue to be made. After all could the conditions be so much worse than any real alarm need be felt.

Yes, Andy Gump is right. You can't tell anything about women these days. See them from the back with short skirts and bobbed hair and they look like they are on the way to school. Then they turn around and they look like they are on the way to the Old People's Home.

If anyone needed evidence of what advertising can accomplish that proof was certainly afforded by Dollar Day. There were hundreds and thousands of visitors in the stores of Jacksonville Tuesday, coming from a wide area. The only reason was the fact that Dollar Day had been wisely and extensively advertised. Any Jacksonville merchant who has genuine bargain offerings and lets the people know about them with proper advertising methods is certain of customers.

The railroad executives turned down the settlement of the railroad shippers' strike proposed by the president. This action was taken notwithstanding the "inside story" of the day before that the end of the strike was sure because of the certainty that both railroad executives and employees would approve a compromise plan.

There have been several other prophecies of settlement made in just as definite a way as the one just mentioned, and with the same results. The public is beginning to feel that the way to believe strike settlement stories is after the agreements have been signed, sealed and delivered.

Lieut. Governor Sterling in his

BERTON BRALEY'S DAILY POEM

Smell of the Sea

By Berton Braley

SMELL of the sea—there's a sharp, salty chill to it,
Setting your nostrils a-quiver with zest;
Once you have known it, forever you'll thrill of it,
Stirred by a tingle of joyous unrest.
All the sea's glamorous spells that enchain us,
All the sea's power, tremendous and free,
Make the blood surge in us, wake an old urge in us,
Brought by the far-carried smell of the sea!

OVER the beaches and marshes it blows to us,
Smell of the sea—and we sniff it and sigh;
Suddenly life on the land seems but prose to us—
Oh, for a ship with the waves shouting by!
Oh, for the glorious battles with Boreas,
When we faced tempests with truculent glee;
How all that wonderful, stormy and thunderful
Memory comes with the smell of the sea!

SMELL of the sea—there are odors more savory,
Perfume of gardens or hayfields in June;
But there is none that can hold you in slavery
Like the scent blown over headland and dune;
Salt is the sting of it; ah, as I sing of it,
There's an enchantment I never shall flee,
Down far and deep in my olden dreams leap in me—
I'm in the spell of the smell of the sea!

refusal to call a special session of the Illinois general assembly to consider the revision of the mining laws of the state, drew a sharp reply from the Manufacturers association of Illinois. The lieutenant governor cannot be blamed for not wishing to take the responsibility for such drastic action as issuing a special session call, but the association communication made several statements in support of its stand that it would be difficult to refute.

For instance, Mr. Sterling said that coal cannot be legislated out of the ground, and the association replied on this point that certainly present laws legislate coal in the ground.

A CHINESE SCHEME

The largest secret society in the world is said to be disbanding. It is a Chinese organization, understood to have at least 100,000,000 members.

Its name, translated, is "The Save-the-Nation-and-Weep-Society."

This gigantic confederation enforced the Chinese boycott against Japanese goods. It was China's way of making Japan leave her alone.

Whenever a Chinese merchant placed dollars above patriotism and persisted in selling Japanese wares, contrary to the boycott, a small mob of the secret society gathered at the shop door, fell on its knees and began wailing and moaning.

You can imagine how long a shopkeeper was able to withstand that kind of assault.

Japan is "getting out" of China slowly but inevitably. The boycott was successful. It made hard times in Japan, for China is one of Japan's big customers. The peaceful boycott probably was more effective than would have been an army of several million troops.

The day may come when the trade boycott will take the place of armies, navies and flying squadrons. A nation would think twice before going on the war-path with a certainty that it would be punished by economic isolation.

China is "in a bad" way right now, committing the worst form of self-destruction—civil war. But before many years have passed, education and science and exploiting foreigners will make China a mighty world power.

It will be interesting to watch the effect as the white man's

ways come in contact with the peculiar and mysterious psychology of the Chinese. They write backwards and—seem to do everything else the same way. But they have many ideas worth copying. Ultimately the white race and the yellow races may borrow ideas from each other and blend their philosophies.

MURRAYVILLE CHURCH TO HAVE PICNIC AUG. 10

Baptist Church Plans Burgoo Picnic and Chicken Fry in Murrayville Park—Program is Announced.

Announcement has just been made of the program of the annual picnic of the Murrayville Baptist church, which this year will be held in the Murrayville park on Thursday, August 10. Burgoo soup will be served for dinner and supper and in the evening fried chicken and other good things to eat will be served.

The program includes music by the Woodson Concert band and selections by a number of Murrayville musicians.

At 1 o'clock a horse shoe pitching contest for men and women will start and will continue until everyone has had a try for the prize. There will also be quilt pitching and marble playing contests.

At 2:30 p. m. the Murrayville Merchants, whose reputation is known throughout the entire community, will cross bats with the Indians of Jacksonville, who also have quite a reputation in the baseball world.

After the ball game there will be a soup eating contest, ice cream eating contest and a number of other contests just as interesting. While all these entertainment features are going on there will be a number of capable waiters ready to serve the crowds with good things to eat. Altogether the occasion promises to be a huge success.

FAMILY REUNION IS HELD IN SCOTT COUNTY

Many Attended Reunion of Funk Family at Home of Clyde Funk Near Exeter—Other Winchester and Scott County News.

Winchester, Aug. 1.—A pleasant family reunion was given in honor of the sixty-ninth birthday anniversary of Mrs. Laura W. Funk recently. This gathering took place at the home of Mr. and Mrs. Clyde Funk a mile and a half east of Exeter. Members of the family and a few intimate friends assembled there at 10 a. m., bringing with them numerous baskets of good things to eat.

At the noon hour a dinner of many courses was served and it was thoroughly enjoyed by the large company. In the afternoon Miss Eula Priest gave several readings which were enthusiastically received. The event was planned by Mr. and Mrs. Clyde Funk and Mr. and Mrs. Clarence Funk in honor of their mother. Most of those present have not seen each other for many months and so the occasion was especially enjoyable.

In the afternoon refreshments were again served and toward evening the company disbanded, with many expressions of good will to the guest of honor and to the hosts and hostesses.

The company included Mr. and Mrs. Rufus Funk, Mrs. C. M. Funk and son Doscoe, Mrs. Laura Funk and children, Harry, Merle, Ray, Fern and Margaret; Mrs. Clifford Mills and daughter Maxine; Mr. and Mrs. Edward Funk and daughter, Mrs. John Martin, all of Exeter; Mr. and Mrs. A. J. Funk, Riggsport; Mr. and Mrs. Hillard Funk; Waverly, Mrs. Ada Funk, Mr. and Mrs. Monte Funk, Chapin; Mr. and Mrs. James Webster and Pi. R. Leonard, Concord; Mrs. Thomas Burrus, Peoria; Mrs. George Little and grandson, Mrs. Robert Marshall, Ellsworth and Robert Jr., Markham; Mrs. J. W. Watkins, Mrs. C. N. Priest and Miss Eula Priest, Mrs. Warren and daughter, Miss Wilma; Mrs. W. A. Wainwright and children, Elizabeth, William Jr. and Ned, all of Jacksonville; Mr. and Mrs. Clarence Funk of Wyndmere, N. Dak.; Fritz Haske, wife and sister, Miss Doyle; Mrs. M. W. Sappington, Mrs. Thomas Kirkman and sister, Miss Julia Werner; Miss Letha Perry, Judge F. C. Funk, wife and son Raymond, all of Winchester.

Mrs. Anna Brown, who has been very ill for several weeks, past is gradually growing weaker. Three of her daughters are here with her at present.

Many from here attended the A. H. T. A. picnic at Nichols park Tuesday.

Mr. and Mrs. Edward Kendall of Bluffs were visitors here Tuesday.

Mrs. J. M. Riggs, who has been ill at her home here, is somewhat improved.

Mrs. Nellie Dolan and son Virgil have returned from a visit with her brother, William Herring and wife near Lyndaville.

INTER-CITY TOUR RULES OUTLINED

Plans Shaping for Trip, Business Men Will Make To Various Towns in County.

Rules have been outlined for the inter-city tours which are to be conducted under the direction of a special committee of the Chamber of Commerce. The chairman of the committee is W. A. Berryman and he has announced the rules which will apply August 8, on the first of the tours, and also on the subsequent one. It is proposed to manage:

1. Have your car ready to start promptly at 9:00 a. m. Cars will assemble on North Side of Square with pilot car standing in front of Chamber of Commerce rooms.

2. Under no circumstances will any car pass the pilot car.

3. Always keep your place in line, do not pass the car ahead of you unless it becomes disabled.

4. Should your car become disabled pull to one side of the road and signal the car following you to take your place.

5. Before entering the city to be visited, the pilot car will wait at the out-skirts of the city for bugler's signal from last car.

6. Proceed through each city to be visited in formation, keeping your place in line.

7. In each town a short address and program will be given—remain in a body until this is complete before visiting citizens and business houses.

8. Print your name and business on the identification card handed you and wear it throughout the trip.

SUICIDE ATTEMPTED BY LOCAL WOMAN

Mrs. Stella Morton, Patient at Our Savior's Hospital Following Attempt to Take Life—Will Recover.

Dependent over the fact that she could not see her two children, Mrs. Stella Morton of 502 Hooker street drank lysol yesterday afternoon. At last reports she was resting well and hope was held out for her recovery.

It seems that Mrs. Morton had been separated from her husband, Charles Morton, for some time and that he had possession of the two children. Yesterday she went to visit the children but was not permitted to do so. She immediately went up town and purchased the poison which she drank a short while later at her home on Hooker street. Dr. Wolfman was called and gave the necessary medical attention and ordered her taken Our Savior's hospital.

COMMUNITY FARM BUREAU MEETINGS

The Community Farm Bureau meeting at York school house last night was attended by about a hundred and twenty five people. The meeting included four reels of educational pictures, music by Mrs. Newberry and a talk by D. T. Helmich. Earl Cox acted as chairman during the session and it was unanimously decided to hold community meetings at intervals in the districts.

Community farm bureau meetings are planned for every night this week at various places in the county. Mr. Kendall, the farm advisor, will endeavor to secure outside speakers at each meeting. In several instances the meeting will be held in connection with suppers or socials. At Grace Chapel and Zion church there will be suppers preceding the meetings.

The first meeting was held last evening at Clark's Chapel, to-night at Little York school house, Thursday at Grace chapel and Friday at Durbin church and Saturday at Zion church of Murrayville.

Grimm Alfalfa—There is a strong sentiment in favor of northern grown alfalfa and particularly Grimm. Recently A. M. Masters, S. M. Butler and B. F. Rawlings ordered seed of this hardy variety for August seeding.

Limestone—Prices of this commodity are back to pre-war figures with prompt delivery assured. At most points in Morgan county high-grade material can be delivered at \$2.00 per ton.

Motion Pictures and Community Meetings—The Farm Bureau machine will be used to show Hunting with a Camera, the leak disease of potatoes and dangerous invaders. The latter shows the Gypsy and Brown Tail Moths. These pictures will only be here this week and farm bureau members are invited to attend the meeting nearest them.

DURBIN

There will be a meeting at the church on Tuesday evening to make plans for the annual picnic. On Friday evening, Farm Advisor George Kendall will show a series of films illustrating a lecture on fruit, at Durbin church. Everyone welcome.

Dawson Darley motored to Champlain and Danville last week. Willard Dodsworth accompanied him to the university city.

AND EUGENE O'BRIEN In a Brilliant Revival of

'The Safety Curtain'

by Edith M. Dell

Here scenes of fashionable revels lend a touch of brilliancy to the action; beautiful women in dainty garb mingle in social functions with the uniformed officers of the King's deenders. It is the many "locations" and different settings that gives an attractive diversity to the dramatic action. In "The Safety Curtain"—there is nothing monotonous.

THOSE DEAD FISH
There was an item in the Journal yesterday stating that a great many small dead fish were lying on the banks of Mauvaisterre lake and that it was probable that they were some of the recent ones put in the lake from the river. F. L. Sharpe, who has been so active in caring for the welfare of the fish and game in this vicinity says he carefully inspected the banks of Lake Mauvaisterre from one end to the other and there are not more than a hundred dead fish there and the ones he saw were very small, all of them smaller than any brought recently to the lake.

He deeply regrets the statement as he says it will possibly be extensively copied and do the lake much harm hereafter when we want more fish. The Journal had all reason to accept the item as given as it came from a reliable source.

START INTERNATIONAL MOVEMENT FOR PEACE

Allied Veterans Inaugurate International Peace Movement, According to American Legion National Commander.

Missoula, Mont.—(By The Associated Press.)—Allied veterans, a million of them members of the American Legion, thru their organizations have started an international movement for peace. Hanford MacNider, national commander of the American Legion, told the National Editorial Association at its thirty-seventh annual meeting here recent. "We believe," said Mr. MacNider, "it is going to become a dominant international force."

"Our war was a war to end all wars. We are not pacifists. We believe in adequate defense for our country. But our eyes were opened thru hard experience. We know what war means and to the best of our ability thru all the coming years we intend to see that such things do not happen again. To this end there has been formed a great interallied veterans' association. La Federation des Anciens Combattants, made up of all the great veterans' organizations in all the allied countries. It includes in its membership the British Legion which followed our own plan of development and is headed by Marshal Haig, the consolidation of all the French organizations and others from Canada, South Africa Italy and Jugo-Slavia—in fact every allied country."

"You will hear of the progress of its first real Congress in New Orleans next fall where it meets at the invitation of the Legion. Thru this federation the American Legion feel that more can

be accomplished than thru any international conferences or agreements towards the prevention of future wars. One of the Legion's most distinguished guests last year, a great military leader whose every word and act the whole world waited in anxiety during the closing days of 1918, said just the other day 'you can wreck all the battleships, throw away all your guns, but you can't change people's dispositions just by signing pieces of paper.' That is where our federation will count for no one can break apart the confidence and faith which has come between these men who have fought together.

"First of all, however, the American Legion stands for America and for the defenders of America."

MAKES PUBLIC TEST OF RESOLUTIONS

WASHINGTON, Aug. 1.—The texts of several resolutions adopted recently by various labor organizations urging national strike of all organized workmen were made public today by Samuel Gompers, president of the American Federation of Labor. Mr. Gompers said on comment would be added except that they were examples of numerous other resolutions of similar character.

Among the organizations quoted by Mr. Gompers were the Central Labor Union, Omaha Nebraska; East St. Louis Central Trades and Labor Union and Central Labor Union of Council Bluffs, Iowa.

James Cunningham of the vicinity of Arnold was a traveler to the city yesterday.

F. A. Swanson of Burlington, Iowa, called on Jacksonville people yesterday.

TURKISH CITY SEEKS TO BECOME MODERN

ANGORA, Asia Minor.—The capital of the Turkish Nationalist government, Angora, also the headquarters of Mustafa Kemal Pasha, the Nationalist Leader, is ambitious to become a modern city and he has embarked upon a program of extensive improvements.

The present park is to be enlarged and made into a public garden; a boulevard will be constructed from Parliament House past the Prefecture and the Bolshevik embassy, and roads are to be repaired and kept spotless clean. A large fountain typifying Nationalist Turkey will be erected in the square facing the parliament building. An interesting novelty is that all shop signs are to be of the same size.

In the Angora prison there are now 105 criminals. Notebooks and slates have been distributed among them so that they may learn to write nationalist poetry. The government is taking measures to establish tailoring, bootmaking and other workshops for the prisoners in the 400 goals of Anatolia.

FORMER RESIDENT IS MARRIED IN CALIFORNIA

Announcements of the marriage of Miss Nellie W. Levings of Sawtelle, Calif., formerly resident here, to James H. Smith, formerly of Atlanta, Ga., have been received. The wedding took place several weeks ago at the home of Mr. and Mrs. J. L. Millard in Los Angeles. The ceremony being said by Rev. Mr. Ebey of the Third Street and Western Avenue Presbyterian church.

The bride has been associated with educational work in her home city in a most successful way for a period of years. Mr. Smith was prominent as an optician in Atlanta but since living in Los Angeles county has been in building work.

The bride is a daughter of C. W. Levings, known to many Morgan county people, and is a cousin of J. T., C. A. and D. W. Osborne of this city.

REV. STICKNEY FINDS WORK ENJOYABLE

Rev. George E. Stickney, who has been attending the school for Scout Masters at Culver Military academy, has written Jacksonville friends that he has found the work enjoyable and very much worth while. He expressed regret that all the Scout Masters of Jacksonville were not able to attend.

That the days are full of activity is seen from several of the programs Mr. Stickney sent. Rev. Mr. Stickney sent morning at 4:15 and the activities continue until the supper hour. Entertainment features are given in the evening.

Some of the subjects in which instruction is given include camp cooking, semaphore signaling, camp hygiene and sanitation, swimming and life saving, rowing and boating, packing and portaging.

Mr. Stickney occupied the pulpit of the church at Burlington, Wis., Sunday and Monday went to Chippewa Falls, where he met Mrs. Stickney and they are now on their way further north for a vacation of several weeks.

Charles Wemple was listed as one of the callers from White Hall yesterday.

H. T. Cullum of Shelbyville made a trip to Jacksonville yesterday.

DEATHS

Winter

Fred Winter of Prentice passed away at his home on the Cavanaugh farm at ten o'clock last night, after an illness of nearly two months. Altho he has been ill for some time, his death comes as a shock to his many friends in Morgan county. He has been a resident of the county all of his life and has lived near Prentice for several years.

He is survived by four brothers and three sisters, James Winter of Arcadia, Newt Winter of Prentice, George Winter of Colorado, Claude Winter of Barry, Mrs. Artha Rudisell of St. Louis, Mrs. Jennie Test of St. Louis and Mrs. Ella McEvers of Barry.

Funeral arrangements have not as yet been announced.

ANXIOUS TO SACRIFICE FOR WORLD WAR HEROES

Attendants at Walter Reed Hospital Are Willing Donors of Blood for Transfusion to Aid Sick Soldiers.

Washington.—(By The Associated Press.)—Walter Reed General Hospital here, at which so many wounded veterans of the world war have been restored to health, and at which there are still many patients, boasts of the strangest rosters in the whole army service. It is a list of men, hospital attendants, who are not only willing, but anxious to give of their blood to those of their comrades who can be cured only by having injected in their veins the healthy red blood of a strong man.

There is a long list of these men, usually not less than 50, who have signified their willingness to give a pint or more of their rich blood to strengthen weakened soldier patients, and hardly a day passes, doctors say, but what there is a call for a transfusion.

When the physicians decide an ailing patient is in need of new blood, a specimen of his is tested to determine which of the four classes of human blood he possesses. The test is then compared with those of the listed men, who have been previously examined, to find one that "matches" the patient's. There are usually a number of each type on the list and the transfusion is quickly accomplished.

The men who volunteer for the charity are chosen among the clerks, ambulance drivers, special police, and others on active duty at the hospital. Of the five hundred men there, it is said, more than half have given blood.

Altho elsewhere there is always a high premium paid to the donor for blood transfusion, these men ask for no payment, their only reward is a ten days' leave to recuperate; for the operation, especially if more than a pint is given, is very weakening on the system. For that reason only the strongest and healthiest men are picked. No man is permitted to give his blood twice within two months, but as often as there are calls for the service, there are always plenty of volunteers to keep the list full.

CARD OF THANKS

We wish to thank the many friends and relatives for the many beautiful flowers during the illness and after the death of our son and brother.

Mr. and Mrs. E. Whitworth and daughter, Loraine.

SURPRISE PARTY GIVEN AT ALEXANDER HOME

Mrs. Tony Hermes Pleasantly Surprised by Friends on Birthday Anniversary—Other Alexander Items.

Alexander, Aug. 1.—Mrs. Tony Hermes was given a very pleasant surprise Monday evening at her home just south of Alexander. The affair was in honor of Mrs. Hermes' twenty first birthday and Miss Helen Lindsay was one of those who planned it. The evening was spent with music and dancing and delightful refreshments were served at a late hour. Mrs. Hermes was the recipient of a large number of useful gifts. Miss Ruth Taylor of New Berlin was one of the guests.

Orleans Club Meets.

The regular meeting of the Orleans Country club was held Tuesday afternoon at the home of Mrs. W. H. Hinrichsen in Alexander. The program included a vocal solo by Mrs. K. V. Beerup, and piano selections by Mrs. Laura Hallerberg and Mrs. Lester Gray. The paper of the afternoon was by Mrs. Hinrichsen, who discussed the powers and duties of the governor.

After the program and the serving of refreshments by the hostess the guests spent a very pleasant social hour on the lawn. The grounds at the Hinrichsen home are especially beautiful at this season of the year and the guests yesterday greatly enjoyed the opportunity of inspecting them. The next meeting of the club will be in the form of a picnic at Nichols park on Tuesday, August 15.

Among the guests present from Jacksonville were Mrs. Henry Strawn, Mrs. James Strawn and Mrs. Cora Plouer.

Standard Bearers Plan Picnic. The Standard Bearers of the Methodist church will have a picnic at Nichols park Wednesday afternoon and evening. They plan to go to the park at about 1 o'clock and to return in the late evening. Each member is privileged to invite her mother or some friend and it is expected that at least twenty-five will be present.

News Notes.

LOCAL MAN MARRIED CHAMPAIGN WOMAN

Miss Beatrice Michael of Champaign is bride of Wayne F. Gibbs Well Known Locally.

The following account is taken from a copy of the Champaign-Gazette for Sunday, July 30. "A very pretty home wedding is solemnized at 4 o'clock Saturday afternoon when Miss Beatrice Anne Michael became the bride of Wayne Fulton Gibbs of Chicago. The single ring ceremony was performed before the couple which was banked with red flowers and ferns, at the home of the bride's parents, Mr. and Mrs. J. J. Michael, South Main street, Rev. William Everett Roberts, pastor of the First Presbyterian church, officiating, preceding the ceremony Miss

Frances Myers played D'Hardelot's "Because," and the Lohengrin wedding march. She was attired in a dress of rose organdie and wore a corsage. Miss Vera Bassett was maid of honor and Richard Michael, brother of the bride was best man. The bride wore a charming gown of white crepe satin, which was beautifully embroidered and beaded, and a veil of tulle which was caught up in place making a coronet. She carried a bridal bouquet of ophelia roses and lilies of the valley. The maid of honor, Miss Bassett wore a gown of shell pink crepe, meteor and wore a corsage.

A three course luncheon was served after the ceremony.

Mrs. Gibbs, the daughter of Mr. and Mrs. J. J. Michael, has lived in this city the greater part of her life, graduating from the Champaign High school and attending the University of Illinois, a member of the class of '21.

Mr. Gibbs is the son of the late Mr. and Mrs. Charles Gibbs Sr., of Jacksonville. He is a graduate of the University of Illinois with the class of '21 and is a member of Beta Alpha Psi fraternity. He is an accountant for Swift & Co. at Chicago. The bridal couple will be at home in Chicago after August 15th.

Out-of-town guests were Leland Gibbs and Mrs. J. Vasey of Jacksonville; A. C. Schnabel of Sessor and Misses Ina and Veta Holterman of Sadorus.

MURRAYVILLE WILL HAVE CHAUTAUQUA

A three day chautauqua program is to be given at Murrayville Saturday, Sunday and Monday, Aug. 5, 6 and 7. The All-American Chautauqua co. will furnish the attractions and there will be no admission charge, the expense of the undertaking having been met by voluntary subscriptions.

Miss Ruth Williams of the All American Co. arrived in Murrayville last night and today will begin training a large number of children for the program which is to be a feature of the final evening's program. Miss Williams will serve as junior instructor during the three days and will be in charge of the programs which are to be given especially for children.

CLUBS AND SOCIETY

Amoia Class Held

Picnic Tea at Park. The July and August birthdays of the members of the Amoia class of First Baptist church were celebrated yesterday afternoon at a picnic tea held at Nichols park. A very pleasant afternoon was spent during which time refreshments were served. Hostesses were Mrs. C. H. Story, Mrs. J. H. Rimmer, Mrs. Numbower, Mrs. Harry Kline, Mrs. Daniel Barton, Mrs. W. R. Bersig, Mrs. Sam Ashby and Miss Elizabeth Stevenson.

Missionary Society Holds Picnic.

The annual picnic supper of the Women's Foreign Missionary Society of Grace church was held at Nichols park yesterday afternoon. About ninety persons enjoyed supper on the lawn and a pleasant and a social afternoon at the park. The affair was in charge of Mrs. H. C. Woltman, Mrs. H. P. Mohn, Mrs. J. R. Davis and Mrs. W. B. Rogers.

Birthday Dinner Party

Mr. and Mrs. W. E. Hall entertained a dinner party Monday evening at their home on South Diamond street, the event being in honor of the first birthday of their daughter, Gracia Elizabeth. The dining room was attractively decorated for the occasion, pink and white being the predominant color tones. A number of very acceptable gifts were received by the young lady in whose honor the party was given.

George Mason's Birthday Observed.

The sixty-fourth birthday of George Mason was observed at his home 641 Webster avenue, Monday evening. An elaborate supper was served on the lawn and during the social hours afterwards several readings were given by Mrs. Charles Mason, Miss Eunice Chappell and Miss Edith Stewart. Games and music also had place in the hours of the evening.

Mr. Mason now ranks as one of the long time residents of the county and the birthday celebration was made memorable in various ways by this company of relatives and intimate friends.

ARCH PRESERVER
SHOE

Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.

Of this we are certain, that the genuine Selby Arch Preserver shoe will PREVENT practically all forms of foot trouble. If you feel your feet becoming tired early in the day or unduly tired at night, you should get into a pair of these famous shoes at once. Beware of acquiring a bad pair of feet or broken arches.

A Soldier's Memorial

One day in the Spring of 1861 or 1862 the writer passed along Westminister street between College avenue and Grove street. At the time he went over there the Rev. William G. Gallaher had his son James G. Gallaher setting out trees on the east side of Westminister street, which then may have had no sidewalk. There were then not more than one house between the south east corner of College avenue and Westminister street and the north east corner of Westminister and Grove streets. There was a small story and a half white frame house at the southeast corner of College avenue. A good part of the land between College avenue and Grove street east of Westminister, and facing the latter, was used as pasture.

James G. Gallaher went with our company in the 68th Ill. Regiment "60 days men" in 1862, and he was taken sick and died in a hospital at Alexandria, Virginia, that summer. He gave his life to his country and he gave Jacksonville the splendid row of elms now standing on Westminister street, in the locality above named. They are a fitting and enduring monument to the bright and pleasant young man whom we all admired, and his name should always be recalled on sight of these trees.

Prairie Chickens.

Mr. John W. Lathrop—early and long a merchant here, gave this story to the local press years ago:

"For many years prairie chickens were very abundant quite near town. I have been out to where the Insane Hospital now is located and shot as many as three or four birds, and got back to 7 o'clock breakfast. . . . In the winter of 1836 and 1837 they used to come from what was then called "Duncan's big field," northwest of town, to the College Grove and to Elm Grove (as Gov. Duncan then called his residence) to roost. Gov. Duncan, who was a good shot, once saw a lot of prairie chickens sitting on a rail fence and returned to his house, took his shot gun and killed fourteen at a single shot."

LEGION CARNIVAL OPENS NEXT WEEK

Location Athletic Field, School For Deaf—Free Sacred Band Concert Sunday Night Nichols Park.

At the regular meeting of the American Legion held last night in its hall on the north side of the square, the final details were arranged for handling the carnival which will be held under auspices of the Legion next week.

The executive committee named is as follows: C. N. Kahl, chairman, Col. O. C. Smith, Dr. A. B. Applebee, Virgil Edwards. The members of this committee will select sub-committees to assist them in the proper handling of the affair.

As has been previously announced, the Legion has arranged to have the Great Alamo Shows here for an entire week. The organization is at present in Quincy and will reach Jacksonville Sunday going direct to the athletic field of the School for the Deaf, at the end of West State street, where it will show.

It is stated that this organization carries with it a superb band, a quartet and several soloists, and it has been arranged for them to give a free sacred concert at Nichols Park next Sunday evening beginning at eight o'clock.

The Great Alamo Shows are reputed to be one of the cleanest and best amusement companies on the road. Many of the men connected with it are ex-service men, and this is particularly true of the band and its talented leader, Capt. S. L. Miller.

Arrangements have been whereby a fair share of the proceeds from the week carnival go to the local Legion Post and will be put in its permanent fund.

The entire carnival will be under the supervision of men belonging to the Legion here and one will be on the door at each of the attractions. And it may be said that the attractions are of high order, and necessarily must be so as they visit only those places where they are to play under the auspices of some well known organization, and upon the recommendations of these depends their future engagements and success.

Misses Rose and Florence Longergan of North Main street have returned to their home after a six weeks summer course at the University of Chicago.

Mr. and Mrs. Fred Bolton Jr. of Detroit, Mich., are visiting at the home of Mr. Bolton's parents, Mr. and Mrs. Fred Bolton of South Diamond street.

no good and reliable paper currency.

Mr. Lathrop said:

"At one time the Great Western Railroad (Wabash) wished to pay off its hands on the section west of Jacksonville. Early, one fine morning the pay car was furnished with funds and started on its mission. Soon after its departure the morning mail was opened at the office and the 'Detector' at once sent for. It revealed the rather startling fact that nearly all the funds on the pay car were worthless. Nothing remained but to telegraph to Jacksonville, stop the car and order its return to Springfield, and the workmen went without their pay, that time at least.

The people who live in this day of greenbacks and National bank notes, have little idea of the trials and tribulations of the unfortunate who existed during the reign of wildcat banks. A business man was required to keep his 'Detector' at his elbow, and frequent additions of this book were required to keep pace with the failures."

Sturtevant and Methodism.

"In 1883 the semi-centennial of Jacksonville Methodism was celebrated in the spacious M. E. church (Centenary). Among the speakers was the venerable Dr. Sturtevant, who had then lived in the city fifty-four years, he said:

"I am glad the city of Jacksonville did not have its origin in horse racing, gambling, or other rascality. It was in the church. When I came here (in 1829) there were two churches—the First Presbyterian and the Methodist, and in less than four hours after my arrival in this city, I was preaching in the former of these two churches. Clear back to the beginning of this town there was a religious atmosphere. The foundation of this church is entitled to a glorious record with the first. This town has always been a sort of Jerusalem where great things were to be done for the Christian cause. This is the cause of the peculiar past history of the place, and the reason that the institutions for the Blind, Deaf and Dumb and Insane are here, and that so many institutions of learning are located in this city."

The Dort's Usual Performance

In Brooklyn a Dort stock touring car carrying four passengers maintained an average of 24.1 miles per gallon of gasoline in a 24 hour non-stop run. The car was locked in high gear and ran through the thick of city traffic. Less than one quart of oil was used with the motor running continuously. Over a measured half mile the car showed better than fifty seven miles per hour. At the end of this gruelling run the motor was "as cool as a cucumber" says the wire.

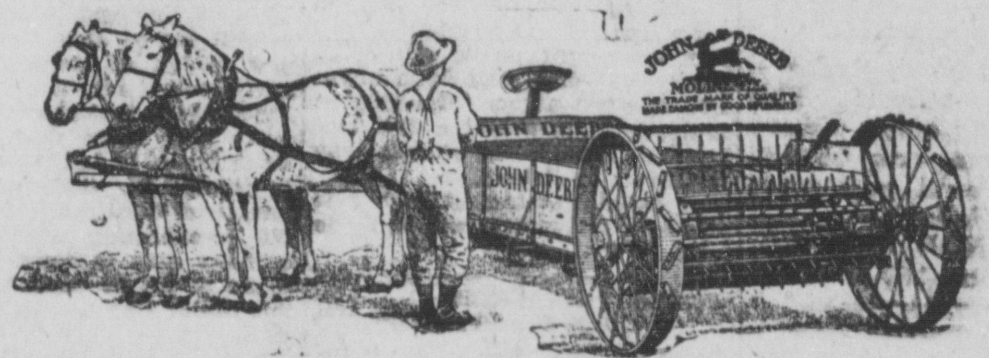

This test, which was under the observation of the automobile editors of all the Brooklyn

newspapers, is regarded as a wonderful demonstration of the economy, flexibility and endurance of the Dort four cylinder motor and the staunchness of the Dort chassis.

An equally remarkable record under totally different conditions, was made in California. Running from Fresno to Glacier Point Hotel, 3200 feet above the Yosemite Valley, a distance of 105 miles, constantly up grade, a Dort stock touring fully equipped, carrying two passengers, established an official record for this difficult run. It made the fast time of four hours and fifty eight minutes.

PASSING OF MRS. ROBERT HOCKENHULL

News has come of the death of Mrs. Robert Hockenull at the home of her niece, Mrs. Sumner in Washington, D. C.

Mrs. Hockenull was Miss Rebecca Rust previous to her marriage to Mr. Robert Hockenull, the well known druggist and one of the founders of the banking house of Hockenull, King and Elliott. She was Mr. Hockenull's second wife, and they were married about 1888. Mr. Hockenull died about 1891, and Mrs. Hockenull had her home for a while in her house now owned by Mr. H. H. Bancroft, on Westminster street. For some years past, however, she has made her home with her niece, Henrietta Gregory Curtis, whose husband is a prominent newspaperman in the Federal Capital.

Mrs. Hockenull belonged to an English family long known here, and she found a suitable companion in Mr. Hockenull, who was also of English birth.

Mrs. Hockenull was one of the pleasantest and most attractive young ladies of Jacksonville, being much younger than her husband at the time of her marriage.

She was a true and faithful member of Westminster Presbyterian church, and many of its members will bear with regret of her passing away. But it is a matter of translation and her good and pleasant life will all the more readily give her good entrance into "the House not made with hands."

The body will be brought here for burial but the time of the service is not yet known.

FIRE OF PECULIAR ORIGIN DISCOVERED

Reflection of Sunlight From Polished Tray Causes Smoldering Fire at Russell & Thompson's.

What might have been a serious fire at Russell & Thompson's Jewelry store started in a very peculiar way yesterday morning. Several persons in the store smelled smoke about nine o'clock but they were unable to find the source. After a short time the search was abandoned and the theory accepted that the smoke had drifted in from outside.

About an hour later, as things were being moved about for the Dollar Day Sale some one moved a gilt picture frame with a velvet back and was astonished to see it burst into flames when exposed to the air. It had been smoldering for some time and could have resulted in a disastrous fire.

Investigation showed that the sun reflection from a brightly polished tray near by on the velvet back of the frame, set it on fire. This goes to show just one of the many ways in which a disastrous fire might start.

WILL BUILD HOME ON MOUND ROAD

George A. Riley, has purchased from Mrs. Hattie Yingling several lots in Dunlap's West addition to Jacksonville for the sum of \$2,000. Mr. Riley, who has been living in Jersey county for several years past, is expecting to return to Morgan county and to build a home. Mr. Riley is returning at this time particularly because of the educational opportunities here.

DILLERS AT WORK

Drilling work on the Mahon farm was resumed yesterday and day and night shifts are being used. The drill was down about 175 feet last night. The present indications are that the well will be deep enough for shooting by tomorrow or Friday.

A definite statement with reference to this matter will be made later.

WOODSON RESIDENT GOES TO SPRINGFIELD

Mrs. Charles Hauser and her brother, Edgar Shelton of Springfield were in Woodson Tuesday and were accompanied home by their father, Henry Shelton. The latter was so badly stunned by a lightning stroke during the storm Saturday evening that his hearing was seriously affected, and he is going to the capital city for medical attention.

Mr. and Mrs. Harry Fitch of Springfield are making a brief visit with Jacksonville relatives.

DOLLAR DAY PROVED A HUGE SUCCESS

Crowds on Hand When Stores Opened at 8 O'clock—Business Rushing All Thru the Day

Jacksonville's second semi-annual Dollar Day went down in history as the greatest trading event that was ever held in Morgan county. It by far exceeded anything in a trade extension line that was ever attempted by the Chamber of Commerce in this city. Long before the stores were open for business the square was crowded, and it was with difficulty the merchants permitted their clerks to enter owing to the crowds surging around the front doors.

Promptly at 8 o'clock all business houses were open and the real work of dispensing the Dollar Day bargains began. Merchants estimated the crowds in their stores at 8 o'clock at from 75 to 150 persons. The rush lasted from 8 o'clock until 11 and lasted again in the afternoon. Last night the windows in most cases appeared to be stripped of all articles of merchandise. Many of the bargains were gone by 9 o'clock, but the average merchant profiting by his last Dollar experience had a good supply of bargains available and was able to supply the demand all thru the day.

Without exception everyone co-operating in this event voted it an unequalled success. A great many people from Pike County West of the Illinois River were in Jacksonville. Many of them were here for the first time. Some were from as far as the Missouri line and in an interview several stated that owing to the new bridge at Meredosia it was now possible for them to come to Jacksonville and they intended to make this their trading center. Much credit is due the Committee in charge for their untiring efforts and hard work in securing the co-operation of 120 of the business men in town who spared no effort or expense to make this Dollar Day the success that it was.

Dollar Day in Jacksonville from now on is an established custom and will be staged at six months periods. The spirit of co-operation manifested by all business men in the recent undertakings of the Chamber of Commerce is very creditable and Jacksonville is working up a fine record for herself among the neighboring cities.

CAFETERIA SERVICE FOR COUNTY FAIR

Association Makes Satisfactory Arrangement With Robert Birnbaum for Dining Service.

Robert Birnbaum, proprietor of the Loop Cafe, has made a contract with the Morgan County Fair Association which assures first class dining service at the fair. Mr. Birnbaum will erect a tent 20x60 feet in general dimensions. The side walls will be of cheese cloth with mosquito netting above. A steam table will be installed and a wide variety of eatables offered.

The arrangements will be such that a regular dinner will be sold at a flat moderate price, and those who prefer can use the cafeteria service or add to the regular bill of fare from the cafeteria offerings.

Mr. Birnbaum has for years had a concession at the state fair and so has a thorough understanding of the big task he is undertaking in affording first class dining room facilities for the fair here. The association was glad to make this arrangement, as the service offered will assure fair patrons adequate and satisfactory service.

The committee in charge of fair concessions is receiving many applications and all indications point to a large fair attendance and many attractions.

BRINGS NELSON HERE FROM TEXAS

Sheriff Weatherford Returns With Man Charged with Forgery—Prisoner Waived Examination in Squire Bayha's Court and is in Jail.

G. D. Nelson, brought from Texas by Sheriff W. H. Weatherford to answer a charge of forgery, waived examination yesterday afternoon in Squire Bayha's court and was bound over to the grand jury. Bond was fixed in the sum of \$750. Nelson thus far has been unable to give bond in this amount and is in jail. He was represented in the hearing yesterday by his attorney, Hugh P. Green.

Sheriff Weatherford returned Tuesday morning with his prisoner. The sheriff first presented the requisition papers to the governor's office at Austin and then proceeded to Dallas where Nelson had been arrested on request of the authorities here. Nelson was out on bond but was promptly located by the sheriff there and placed in the custody of Sheriff Weatherford.

Nelson must answer the charge to forging a note bearing the name of W. M. Hoots of Scott county, which he subsequently sold to R. Y. Rowe.

It is alleged that later Nelson secured possession of the note on promise to attend to the collection and then disappeared. Several local persons have claims against Nelson which may be pushed against him in addition to the original forgery charge.

IS JUDGE ADVOCATE FOR SPANISH WAR VETS

Col. O. C. Smith Is Honored By Illinois Department—War Record of Jacksonville Man Won Recognition.

Col. O. C. Smith has just been notified of his appointment as department judge advocate of the United Spanish War veterans of Illinois. The honor, which came without solicitation, was made known in a staff announcement by Com. John F. Holstag of Aurora. That Col. Smith is admirably fitted for the duties of this position is shown from his military record, quoted from the

Col. O. C. Smith.

Franklin county (Illinois) war history as follows:

Fighting life's battles against discouraging odds, surmounting obstacles that would test the most courageous, handicapped by an environment that ruins the best resolutions and thru the inspiration of the inner soul being encouraged by patriotism and higher ambition, Colonel O. C. Smith has been victorious.

Born in Sullivan county, Ind., our subject received a common school education and being unable to take up the higher studies, perfected his education at odd times and taught school in Crawford county for two terms, 1892-1895, and then enlisted in the Regular Army, August 5, 1895, receiving his discharge Dec. 12, 1896. Coming to Franklin county in March 1897, he ran a saw mill engine in the Middle Fork bottoms during the summer and taught school in the winter.

The military spirit of our subject again became paramount, and he actively engaged in organizing Co. "C," 9th Ill. Inf. for service in the Spanish-American war. He later enlisted in Co. "C," 5th Illinois Volunteer Infantry and was promoted Artificer May 26, 1898, and mustered out with the company Oct. 16, 1898. Occasion for military activity arising in the Philippine Islands, he enlisted on July 6, 1899 in Co. "L," 30th Vol. Inf. and with forty-seven local members of the newly organized Co. "F," N. G. served thru the Philippine campaign, being discharged Oct. 12, 1900, with the grade of sergeant.

Returning to civilian life he was city attorney of Benton from 1902 to 1904, and later read law while working in the coal mines, being admitted to the bar in 1913. He was Assistant State's Attorney in 1914. Keeping alive the military spirit of the county, he organized and mustered in Co. "F" Ill. N. G. on May 22, 1913. In June 1916, with the war clouds again threatening, he reorganized his company to full strength, serving on the Mexican border until March, 1917.

When the call came to register for the World War, he conducted the registration of the county for the Sheriff and County Clerk and again recruited Co. "F" to war strength, but received an appointment as Assistant Judge Advocate with rank of major, and was attached to the 33rd Division until March 8, 1918, and was then appointed Judge Advocate of the 90th Division for overseas service but before the severe engagements of St. Mihiel and the Argonne requested to be relieved from his duties as Judge Advocate for active service at the front and acted as observer in these battles, being severely gassed on Sept. 15, 1918, and is the only Judge Advocate entitled to wear a wound chevron.

He was promoted to Lieut. Col. on Nov. 11, 1918, and was officer in charge of civil affairs in Germany until Jan. 1919. Returning from overseas service he entered the race for City Judge of Benton and was elected July 9, 1919, but was not discharged from military service until July 11, 1919. The affairs of the Home Service Section of the Red Cross needing the volunteer work from one familiar with the needs of returning soldiers, he took up this work in connection with his judicial duties and law practice. Under his direction this department has handled more than 8,000 claims.

WILL VISIT IN IOWA. Miss Lena Engel will leave today for a visit with friends in Fairfield, Iowa. She is now enjoying a month's vacation from her duties in the office of Bellatti, Bellatti & Moriarty and will probably visit a number of places during her absence from the city.

RETURN FROM CANADA. Mr. and Mrs. Fred Begg and daughter were expected to return last night from a three weeks' visit in Canada. They have spent the greater part of the time with Mr. Begg's parents in Toronto.

THE TSCHAKOWSKY QUARTET

Four ardent disciples of Tschakowsky, the illustrious Russian composer, form this quartet. It is a company of artists, a party of cultured gentlemen, bred and educated in the centers of musical art at the fountain head of the best in music, who have heard, studied and played the greatest under the greatest conductors and with the greatest players.

Their programs contain nothing common, hackneyed or threadbare. They are all real music, delivered so that everyone understands it. Two violins, cello and piano is the ensemble combination that wins audiences everywhere, and makes classical music delightfully popular. Leon Weltman,

noted Russian violinist heads the company, with Janie Gordon Weltman, dramatic interpreter. The Tschakowsky Quartet comes on Wednesday, the 16th. Mr. Bryan speaks in the afternoon and Mr. J. R. Perkins in the evening of that day. That program ought to draw and please a great throng.

MISS JESSIE RAE TAYLOR

Characterist

Chautauquans are tired of the old style reader program. They have been read to death with all sorts of programs.

In placing Jessie Rae Taylor on the Chautauqua, we are offering the most original artist now on the platform. Her work is absolutely unique and unlike that of any other person.

Much of her success is due to her selections of characters which are universally popular, quaintly morous, lovable and true to life. The surprise of her work is her personations of male characters. Her deep, contralto voice, of unusual range, is admirably adapted to the presentation of this work. Her costume monologues

are mirth provoking; her dramatic cuttings are masterly interpretations and her character songs are side splitting. Abrupt changes in striking contrast predominate in Miss Taylor's programs.

She is one of the very few women who have been elected to the Wig and Grease Paint club of New York, an exclusive organization of artists.

She comes to Chautauqua on the evening of Tuesday Aug. 15, in the closing number of the red letter day on which the Nettle family musical entertainers, and Ada Ward, English lecturer and entertainer, also appear.

NO OLD WOMEN NOWADAYS

Modern dress, hair dressers, facial experts and cosmetics all combine to keep women of all ages young and attractive in appearance. Not until the tell tale wrinkles become so deep, the figure stoops, or some ailment or weakness develops to drag a woman down does she really look her age.

Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or 'the blues' develop or when a woman reaches the trying age from forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters we are continually publishing in this paper.—Adv.

LITTLE GIRL HIT BY AUTOMOBILE

Miss Lillian Ruth DeSilva, little daughter of Mr. and Mrs. Chas. DeSilva was struck by an automobile driven by Warfield Brown on South Main street yesterday morning. She sustained several minor bruises but none that will result seriously.

The little girl had attempted to cross the street in front of the Red Front store, in company with Glenn Wright, a small boy. The accident was entirely unavoidable and the fact that Mr. Brown had his car practically stopped when he hit the girl, prevented more serious injuries. He stopped and carried her into his office on South Main street and summoned Dr. Carl Black at once. She was then taken to her home at 222 South Mauvalsterre street.

ANTI-HORSE THIEF PICNIC AT PARK

Winchester Organization Held Annual Event at Nichols Park Yesterday—Fine Time Was Enjoyed With Picnic Dinner.

Judging from the appearance of the pleasure seekers at Nichols park yesterday a would be horse thief or one with purloining instincts would do very well to give Scott county in general and Winchester in particular a wide berth. It was the occasion of the annual picnic of Winchester Chapter No. 255 Anti-Horse Thief Association and a fine body of men accompanied by ladies equally fine and attractive company of ladies took possession of the main picnic grounds and proceeded to have such a time as only they know how to enjoy.

The organization boasts as its head and president the deputy sheriff of Scott county with T. J. Priest, vice president; Roy Bagshaw, secretary, and J. C. Neat, treasurer. There are also three deputies and 225 members all first class men, wide awake and attending to business when this is in order and to having a good time when that is the program as was the case yesterday.

The value of the body may be estimated when it is known that only a theft of an automobile has occurred the past year and the like will not probably be attempted again soon.

The merry makers arrived by auto in good season several hundred strong and good cheer prevailed from the start to the end. Some enjoyed a shoe pitching contest, the children went to the playground and all devoted themselves to the pleasures of the day.

Toward noon the good ladies took charge of the baskets and tables and spread a feast such as is not often enjoyed as the writer can testify. Everything that could attempt the appetite of the most exacting was there in abundance and was hard to leave such a place but it had to be done.

Toward evening many left for home while others remained for supper and in time the visitors had departed with the best of wishes of all who had the pleasure of enjoying the day with them.

The reporter was especially well treated and desires to express his gratitude. Come again, good friends.

Mr. and Mrs. Edward Burnett, Newton Hubbs and John Burnett were city arrivals from Waverly yesterday.

LEE WORTHY WINS FROM PETER EARL

Defeats Favorite in Matron Stake at Fort Miami Park—Time Is Fastest Made by Three Year Old Trotters This Year

FORT MIAMI PARK, Toledo, O., Aug. 1.—Lee Worthy, driven by Ben White, won the Matron stake for three year old trotters, value \$7,340, on the Grand Circuit track here this afternoon after nosing out Peter Earl, the favorite, in the first heat and trailing in seventh place in the second heat. White drove the winner to an easy victory in the final heat. Peter Earl, driven by Nat Ray, was second and Helen Dillon third. The time for the three heats was 2:05½, 2:05½ and 2:06½, and were the fastest heats trotted by three year olds this year.

Peter Pluto won the Toledo Blade 2:12 trot with a purse of \$2,430. In the 2:07 pace, Edna Early won in straight heats.

The 2:04 pace, postponed from Monday, was won by Roger C., in straight heats.

The 2:15 pace, forced into an extra heat when Robert M. Nieta Patch and Laura Forbes divided first place position in the first heats, was won by Laura Forbes.

SMALL RALLY IN THE WHEAT MARKET

By Associated Press.
CHICAGO, Aug. 1.—Decreased
rural selling after a new low
price record for the season had
rally touched led to something of
a rally today in the wheat mar-
ket. The close was unsettled at
the same as yesterday's finish to
be higher with Sept. \$1.05½ to
\$1.06 and December \$1.08½ to
\$1.09½. Corn gained ½c to 1½c,
oats finished unchanged to ½c
higher and provisions down 2½c
to 25c.

Persistent hedging sales altho
in small amounts had a bearish
effect on the wheat market dur-
ing the first half of the board of
trade session and so likewise did
evidence that export business had
come nearly to a standstill with
domestic milling demand limited
to an occasional car. The early
outlook, too, appeared promising
for a settlement of the rail and
coal strikes. In the last half of
the session however hedging sales
lessened and shorts turned to the
buying side, causing the market
to score a little advance, only a
part of which was retained at the
finish.

Corn bulged in price as the
result of crop damage reports in
the southwest together with
smallness of receipts here.
Oats were neglected.
Provisions were governed by
changes in the values of hogs.

SPECIAL ASSESSMENT NOTICE

Notice is hereby given to all
persons interested that the City
Council of the City of Jack-
sonville, Illinois, having ordered that
a local improvement, consisting
of a street pavement, be construct-
ed on East Morton Avenue in said
city, from the east curb line of
South Hardin Avenue, runn-
ing thence along said avenue for
a distance of 1000 feet, which said
pavement shall be constructed in
accordance with the plans plat-
ed and profiles on file in the office of
the City Clerk of said city, and
which said improvement shall con-
sist of concrete pavement seven
inches in thickness; all of which
is further shown and more par-
ticularly described in the plans,
profiles and specifications for
said work, on file in the office of
the City Clerk of said city, to
which reference is hereby made
the ordinance for the same being
on file in the office of the City
Clerk of said city, and also made
a part of the petition in this pro-
ceeding, and said City of Jack-
sonville, Illinois, having applied
to the County Court of Morgan
County, Illinois, for an assessment
of the cost of said improvement,
according to benefits, said assess-
ment being payable in ten install-
ments, each bearing interest at
the rate of six per cent per annum,
an assessment therefor having
been made and returned to said
court, the final hearing thereon
will be had on the 17th day of
August, A. D. 1922, at the hour of
ten o'clock A. M., or as soon there-
after as the business of the Court
will permit.

All persons desiring may file ob-
jections in said court before said
date, and may appear at the hear-
ing and make their defense. De-
tied at Jacksonville, Illinois, Jul-

MARKET REACTED SHARPLY AT CLOSE

By Associated Press.
NEW YORK, Aug. 1.—Early
prices in the stock market today
tended upwards again on what
proved an erroneous assumption
that President Harding's plan
for a settlement of the railroad
strike would be accepted by the
opposing interests.

The market reacted sharply
later, however, in the absence of
more than moderate public sup-
port and pressure against motors,
rubbers, steels and equipments.
Selling of motors apparently
was impelled by announcements
of further cuts in the prices of
several popular makes of cars.

St. Paul common and preferred
registered prices of the year.
Advances in rails were largely
impaired in the more reactionary
course of the market during the
final hour. Sales amounted to
685,000 shares.

Call loans held at 4 per cent
throughout the session. Time money
rates were unchanged, but the
supply was below that of the past
fortnight.
German marks once more fea-
tured the foreign exchange mar-
ket equaling the new low record
of 14½ cents per hundred. Trading
in other remittances was
quiet. The Canadian rate rallied
to 99½ per cent the highest quo-
tation of recent years.

Trading in bonds on the New
York exchange today was fea-
tured by dealings in Liberty 3½
which touched \$10.22, a new
high for the year, and the
strength in speculative rails.

St. Paul fours of 1925 touched
a new top and the other issues of
that road also made substantial
advances, presumably in sym-
pathy with the better stock
prices. Other strong features of the
rail group were Missouri, Kansas
& Texas adjustment fives when
they issued Seaboard Airline
consolidated sixes, the Erie and
the San Francisco issues.

Dealings in Liberty bonds were
comparatively light, price
changes being of a nominal na-
ture.

Total sales (par value) ap-
proximated \$11,400,000.

Only Two Months Gasoline Supply Actually Stored

MUCH has been said during the past few weeks respecting the vast amount of gasoline in storage, and many have drawn conclusions from these statements which are not justified by the facts.

It is true that there is a fairly large storage on hand but when this storage is set against the consumption its relative size diminishes rapidly.

Between January 1 and June 1 the storage of gasoline was increased about 270,000,000 gallons, while the monthly consumption increased but 224,000,000 gallons; but during June the consumption was largely increased while the storage remained stationary.

During the past six weeks storage has decreased, as was to be expected, and this decrease will continue until late in the fall. Here are the most recent statistics taken from the reports of the U. S. Bureau of Mines:

Gasoline Stocks, Jan. 1922	586,087,132 gals.
Gasoline Consumption, Jan. 1922	274,844,808 "
Gasoline Stocks, June 1, 1922	856,607,102 "
Gasoline Consumption, May, 1922	499,242,343 "

The June consumption figures compiled by the Bureau of Mines are not yet available but we know from our own records that consumption is making heavy inroads into stocks.

Even at the present rate of consumption there is not to exceed 60 days supply in storage, which for this time of the year is abnormally low. Reports from refining areas indicate that refineries all over the country are being run to capacity, and we do not anticipate a gasoline shortage though predictions to that effect are being made.

It has always been the practice of the Standard Oil Company (Indiana) to operate its refineries to as near capacity as possible during the months of low consumption in order that it might have on hand adequate supplies during periods of great consumption.

Only a large and efficiently organized company can provide facilities which insure service regardless of demand. It is because the Standard Oil Company (Indiana) always is working, months in advance, that it can promise at all times a steady, constant, dependable service.

PROMINENT MEREDOSIA MAN IS LAID TO REST

Funeral of Late Albert Butcher Held at M. E. Church—Other Items from Meredosia and Vicinity.

Meredosia, July 31—Funeral services for Albert Butcher were held Friday afternoon at 2:30 at the M. E. church, conducted by Rev. G. W. Holmes, pastor.

Albert Butcher youngest son of Adam A. and Mary A. Butcher was born Dec. 9, 1866 at the old home place one and one half miles east of Meredosia and departed this life Wednesday morning at 2:30, July 26, 1922, at his home in Meredosia. On April 26, 1921 he underwent a serious operation for cancer of the stomach, from which he never regained his health and strength. During the last six weeks he was bedfast and suffered intensely.

He received his education at the Meredosia school and Sycamore school after which he engaged in farming, which he followed until twelve years ago.

On December 20, 1887, he was united in marriage to Miss Iraa R. Foster of Ainsworth, Iowa. To this union two sons were born, Gussie and Lester. When the latter was about 8 weeks old the mother contracted pneumonia and on March 18, 1894 passed away, leaving the father and two little ones. Mr. Butcher then went to live with his mother and sister who with him tenderly cared for the little ones. Two years later, on July 25, 1896 he was united in marriage to Miss Ora Black of Meredosia, Ill. This union was blessed with one daughter Ethyl and one son Willie.

In the year 1907 he was one of the principal organizers of the Meredosia State Bank of which he has been president for the past 14 years. He also took an active part in the erection of a new elevator erected here a few years ago.

LOOK WELL To Your Sight

Do you see distinctly at a great distance, or do you have to peer at street signs, fail to recognize acquaintances at a little distance and go about in a half dazed world of your own?

If you have gradually neglected your eyesight until you have reached this stage, you will be astonished at the new broadened world you will see through a pair of correctly fitted glasses.

To see better, you should see

The "USCO"

You Buy To-day is a New—a Better—a Heavier

"USCO"

at the \$10.90 Price with No Tax added

LAST Fall at the \$10.90 price it seemed to motorists as if the 30 x 3 1/2 USCO had reached the peak of tire value.

Yet the makers of USCO have now produced a still better USCO—a longer wearing tire with—

Thicker tread—thicker side walls.

Better traction, longer service, more mileage.

And the tax is absorbed by the manufacturer.

The new and better USCO is a tire money's worth that was impossible a year ago.

It is possible today only in USCO.

SHINOLA

America's Home Shoe Polish

and SHINOLA HOME SET

Great For School Children

The SHINOLA HOME SET helps the children to form lasting habits of economy, by making it easier to get the daily shine.

The genuine bristle dauber cleans the shoes, and applies polish easily and quickly.

The large Lamb's Wool Polisher brings the shine with a few strokes.

For 100% neatness, the shoes should be shined daily with SHINOLA.
